Our high-spec, 1 of 40 worldwide, Ferrari 488 Pista Piloti Special Edition, a tribute to the 2017 World Endurance Championship (WEC), is a masterpiece of engineering and the ultimate collector's driver car. This special edition, crafted by Ferrari's "Tailor Made" division, features a racing livery inspired by AF Corse's #72 488 GTE race car, personally signed by Davide Rigon (one of the drivers of the original SMP racing car #72), on the carbon fibre engine cover. The Italian flag motif is artfully incorporated throughout the car, from the livery to the seat backs and even the edges of the paddle shifters. Its design is enriched with additional carbon fibre elements, custom racing numbers, and special livery, all contributing to its authentic racing-inspired look. The interior is equally exclusive, adorned with tricolour flags and a custom identification plate that pays tribute to the WEC team and the victorious drivers.
